

Thanks to everyone who made Jump Start yesterday a great success! The teams from all over the Gulf Coast definitely benefitted from the experience. To all the students and mentors who spent many hours before and during the event....thanks!

Our 4<sup>th</sup> annual Jumpstart was a huge success. But we had a lot of great help. Many thanks to Teams 364, 1421, 2080, and 2221 and of course our hero Curtis Craig. A record 13 teams attended: 1303, 3946, 4053, 4353, 3471, 4107, 4087, 4316, 3606, 3469, 4136, 3228, and 1920. Teams learned how to set up their control systems and build a driving chassis, as well as get a close look at field elements and legal bummers. Lots of great information was exchanged from team building to fundraising and everyone made a lot of new friends.
